I was thinking about that as well. I think the biggest question would be how productive we could be if you guys have gotten up early to drive down here and then we've been in an AC meeting all day. And our focus leading up to it will be on preparing for the meeting.

But, having said that, it doesn't hurt to plan on touching base after if you guys are willing to stay a little longer. Would you still drive back that night?

Hi Debra,
Thinking more on the MDV meeting on November 1, and didn't know if you wanted to meet on other topics after the meeting ended? I believe the MDV meeting goes from 10-3, so I was thinking 3:30-5:30 or so? Let me know if you think that could work. Thanks.

Hello Lindsay,

Did you both receive and respond to the doodle poll? I hope these times work for you.

I'm afraid the 2nd doesn't work for me, I am going out of town that day. I could meet on the 31st, but I understand why that doesn't work well. Maybe we could meet in person on other topics the day before or after the next meeting on Nov. 29th.

Yes, we are preparing a list of questions for our call next Tuesday. I'll try to send them to you by the end of the day tomorrow.

Thanks Lindsay!
Debra

Subject: quick question

Hi Deb,

I just wanted to check in on a couple of things.

1) I saw the MDV meetings were set. Rochelle and I are going to try and make it down on November 1st for the kickoff meeting. I'm wondering if you want to meet on the morning of November 2nd? I was thinking topics would include CWS variance discussion, MDV discussion (if any questions come up during the meeting), and possibly an overall check-in on other issues with Rochelle? Unfortunately we can't make it in to have a meeting on October 31st (Halloween) so hopefully November 2 works for you.

2) On Tuesday's CWS variance call we talked about getting a list of topics together for the follow up call next week. I wanted to check in and see if it would be possible to send me a list on Monday morning / early afternoon with a list of topics to discuss so folks have a chance to prepare by Tuesday's morning meeting?

I will be in offsite meetings on Thursday and Friday but will have some access to email. If you want to chat just send me an email and I will respond when I can. Thanks!
